

Seeing Language & Literacy Everywhere

Wednesday May 23 @ 6:00

We see Environmental Print everywhere, we see logos and signs in our daily lives, but as adults we don't consider it real "reading". However, Environmental Print is the first print a child learns to "read". How many times have you driven by a McDonald's restaurant with your child in the car and he has shouted "Look! McDonald's!"? When children are excited about reading, and print holds meaning for them, they will learn much faster and begin to make connections to the world around them. In this workshop, parents will learn about some fun activities to do with their children anywhere, even during their daily commutes to bring language and the written word alive!

Visit our website at attleborolibrary.org or call 508-222-7820 for registration information

This workshop is brought to you with federal funds provided by the Institute of Museum and Library Services and administered by the Massachusetts Board of Library Commissioners
